

Clarksville Elementary School PTA Winter 2018

## After School Program

## Hovercrafts! Floating/Gliding in Air

Have you ever seen a hovercraft flying across the water? Have you ever built your own boat and plane combined? Students will design, build, and race their own hovercrafts across the floor and possibly water as well. They will create their own electrical and mechanical crafts from predesigned kits and will learn about the principles of buoyancy, balance, weight distribution, and propulsion in order to be the champion in this challenge. Material fees are included in tuition (except 9v battery).
