

Clarksville Elementary School PTA Winter 2024
After School Program

Rube Goldberg Challenge

How creative can you be while building a contraption? Take the Rube Goldberg Challenge! Students will work in teams to transform everyday materials into a wacky innovative machine that accomplishes a task. However, instead of just "solving" the problem, students are charged with making the solution as complicated and convoluted as possible! While designing and building the machine, students will incorporate Science, Technology, Engineering, and Math (STEM) concepts into their creations!
